WE'RE THE

"CANTIERI NAVALI DI SESTRI".

WE'RE
THE "CANTIERI NAVALI DI SESTRI".

For over sixty years we've been combining **the culture of the sea with technology** to offer our clients everything they expect from a yacht-building yard. From the skills of **master carpenters, upholsterers and architects to vacuum carbon, electronics and refitting with exclusive woods**, we bring new life to your yacht.

Whether it's just routine maintenance, structural modification or a total refit, our work always achieves the same standard – EXCELLENCE!

Our carpenters comprise the yard's beating heart. Over the years we have specialised in all types of project demanding a highly-trained work force, and since the 1980s we have also met the requirements of the most demanding owners.

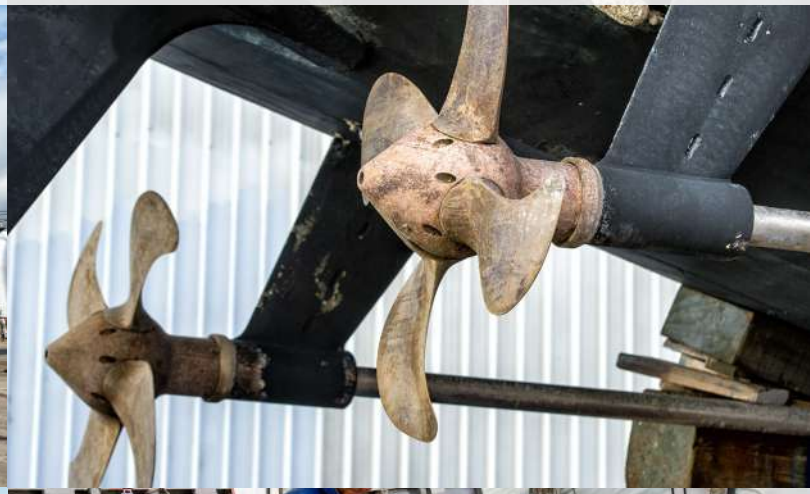
We have handled projects involving internationally-known craft like the Dione Star and the schooner Vagabunda, as well as dozens of others that act as worldwide standard bearers for the quality of our work.

We offer cutting-edge equipment and extraordinary skilful artisans and technicians for an uncompromising result.

THE NUMBERS:

- 22,000 square meters at your disposal, both on land and at sea.
- Haul-outs for vessels up to 44 meters and 420 tons.
- Boat trailers from 40 to 300 tons.
- 100-ton crane
- A marina with over 150 berths within the Port of Genoa.

Because where there's **SPIRIT, PASSION AND COMMITMENT,**
nothing more is needed



To make your wait an enjoyable experience in itself, we have a latest-generation **service centre and offices with club house for guests, WiFi, washrooms, gym, solarium and bar.**

We're also only a short distance from the **Genova Sestri Ponente and a few minutes from the airport.**

You can sleep soundly knowing that we are **RINA 9001-14001-45001 certified.**
